Warranty Terms

VOOPOO will provide repair or replacement under warranty according to the following terms and conditions.
A. Warranty provides repair or replacement free of charge for defective eligible VOOPOO merchandise within 90 days of purchase by the end user.
B. This warranty is void in the following circumstances:
* The customer does not provide this warranty card and the original receipt of purchase.
* Product failure or damage is caused by improper use or unauthorized adjustments.
* Product failure or damage because of excessive force or impact and unrecommended operating conditions (see user manual).
* Product failure or damage by cause of water or other conducting liquids.
* Product failure or damage by cause of usage with components unsuggested by VOOPOO.
C. The warranty does not cover personal items or consumable goods and attachments, including but not limited to drip tips, coils, batteries, and USB cables.
D. The warranty does not cover any non-VOOPOO brand products even in case of their direct involvement. VOOPOO reserves the right to the final decision in all warranty cases. VOOPOO may interpret and revise the content of this warranty terms.
For more information, please visit our website at www.voopoo.com or email us at support@voopoo.com.

English

Thanks for your purchase of a VOOPOO product. For better use of all the functions of this product, please carefully read the operation notes and detailed functional instructions before first use. If you have any problem using this product, please contact our local agent or visit our official website at www.voopoo.com.

Parameters

Size	MTL: 116.5*27.5mm / DTL: 111.5*27.5mm
Power Range	5 – 40 W
Battery Capacity	2450 mAh (Built-in)
Output Voltage	3.2 – 4.2 V
Charging Voltage	5 V / 2 A
Resistance Range	0.3 – 3.0 Ω
E-liquid Capacity	5 mL (Standard & US Version) / 2 mL (TPD Version)
Compatible Cartridges	PnP X Cartridge DTL and PnP X Cartridge MTL

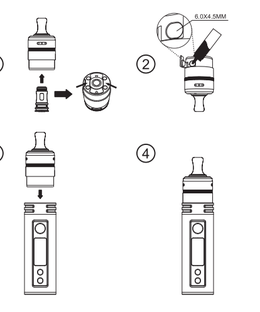

Steps

Step 1. Install coil
Take out the coil and insert it from the bottom of the cartridge.
Please ensure that the installed coil is level with the bottom of the cartridge.

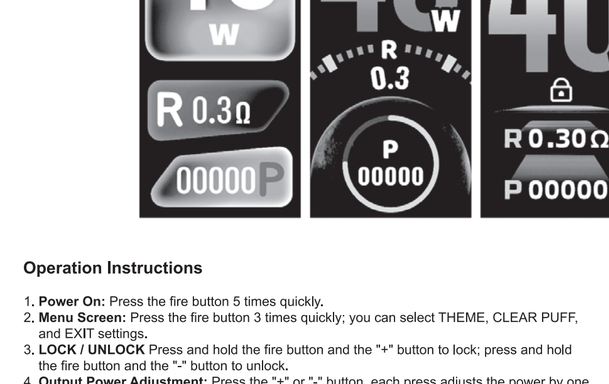

Step 2. Fill e-liquid
Open the lid on the filling port, then fill in the e-liquid.
It is recommended to keep the cartridge two-thirds full.

Step 3. Install the cartridge
Insert the cartridge with e-liquid into the device.

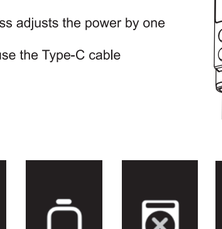

Step 4. Start to use the device
After letting it stand for about five minutes, you are free to use the device. You can adjust the airflow by rotating the metal ring at the top of the cartridge for the best vaping experience.

Interface Introductions

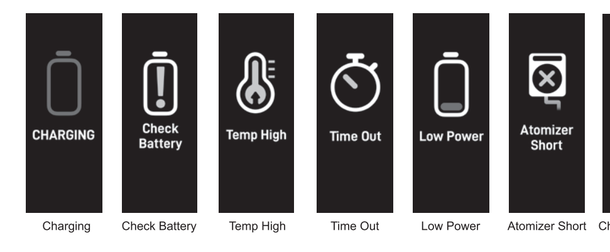

Operation Instructions

1. **Power On:** Press the fire button 5 times quickly.
2. **Menu Screen:** Press the fire button 3 times quickly; you can select THEME, CLEAR PUFF, and EXIT settings.
3. **LOCK / UNLOCK** Press and hold the fire button and the "+" button to lock; press and hold the fire button and the "-" button to unlock.
4. **Output Power Adjustment:** Press the "+" or "-" button, each press adjusts the power by one watt. A long press allows for rapid power adjustment.
5. **Charging:** Supports charging with 5V/2A. It is recommended to use the Type-C cable provided by VOOPOO to charge the device.

Prompt Notification

Safety Protection

Timeout Protection: 8 s | Low Battery Protection
Short-Circuit Protection | Output Over-Current Protection
Overcharge Protection | Over-temperature Protection

Maintenance and Cleaning

1. When using the device, you may notice occasional liquid condensation on the outside of the cartridge/tank. This occurs because the liquid is vaporized, and as the vapor cools, it condenses on the outer surface, a common and inevitable physical phenomenon.
2. In daily use, you can often use a wet paper towel to wipe the connection between the device and the cartridge/tank to prevent poor connectivity.
3. If a small amount of condensate is found inside the device during use, we recommend removing the cartridge/tank, reversing the device, and shaking it for a few seconds.

Precautions for Daily Use of Leather and Wood

1. Please avoid scratches from sharp objects or direct friction with rough surfaces.
2. Please avoid contact with corrosive substances such as acids, bases, or alcohol, as well as alcoholic liquids coming into contact with the leather surface.
3. Use a soft cotton cloth to clean dirt from the leather surface.
4. Avoid prolonged exposure to direct sunlight.

Notes

1. When the product is used with nicotine-containing e-liquids:
• Nicotine is a highly addictive substance. No other ingredients of this product are known to be addictive.
• Nicotine benzoate [828-490-9] Toxic if swallowed. Keep out of reach of children. Wash hands thoroughly after handling. Do not breathe vapors. IF SWALLOWED: Immediately call a POISON CENTER or doctor/physician. If medical advice is needed, have the product container or label at hand. Dispose of contents/container to designated place in accordance with local regulations.
2. This product is not recommended for minors, non-smokers, pregnant or breast-feeding women, or anyone at risk of heart disease, depression, and asthma.
3. Please keep the device away from heat, fire, and water. This device should be stored in a cool and shady environment.
4. Please do not drop, throw, or immerse the device in the water.
5. Please turn off or lock the device to avoid accidental firing when you carry it out.
6. Please rationally use the device according to your personal situation. If discomfort occurs, please stop using it immediately.
7. EEE Recycling: This product should not be treated as household waste. Instead, it should be taken to the collection place for the recycling of electrical and electronic equipment.
8. Battery Recycling: The product battery should not be treated as household waste. Instead, it should be taken to the used battery collection place for recycling.
9. It is recommended to use the USB cable provided by VOOPOO to charge the device.
10. If the device is not used for an extended period, it is recommended to charge regularly to prevent deep discharge!
11. The ambient temperature ranges from -5℃-30℃, with humidity 40%-75% RH. Operating temperature of the electronic cigarette: 0℃-40℃!
12. Disassembly is prohibited after product failure!
13. Only for indoor charging, please use a UL-certified USB charger to avoid the danger of fire and explosion!

Warranty

A three-month warranty is provided. During the warranty period, we will provide maintenance and replacement services. Please note the following conditions.
1. It only applies to the products registered on VOOPOO after-sales service website.
2. We assume no liability for damage caused by the user's negligence or accident.
3. We are not responsible for any damage that occurs during use, maintenance or modification that does not conform to the operating instructions in the manual.
4. The defects not caused by processing and the appearance problems are not covered in the warranty.
5. After-sales service for the coil is not provided.

Warm Prompt

Cartridge / Tank Leakage
There is a possibility of e-liquid leakage at high pressure when you travel by air. Therefore, please keep your cartridge / tank away from other important objects.
Deal with Condensate
There may be slight condensation due to the difference between indoor and outdoor temperature when you use the device. It is advisable to take out the cartridge / tank, and shake it downwards.
